

Dear Iowa State University Graduates and Guests:

Congratulations to all of the Spring 2014 graduates of Iowa State University!

We are very proud of you for the successful completion of your academic programs, and we are pleased to present you with a degree from Iowa State University recognizing this outstanding achievement. We also congratulate and thank everyone who has played a role in the graduates' successful journey through this university, and we are delighted that many of you are here for this ceremony to share in their recognition and celebration.

We have enjoyed having you as students at Iowa State, and we thank you for the many ways you have contributed to our university and community. I wish you the very best as you embark on the next part of your life, and I encourage you to continue your association with Iowa State as part of our worldwide alumni family.

Iowa State University is now in its 156th year as one of the nation's outstanding land-grant universities. We are very proud of the role this university has played in preparing the future leaders of our state, nation and world, and in meeting the needs of our society through excellence in education, research and outreach. As you graduate today, you are now a part of this great tradition, and we look forward to the many contributions you will make.

I hope you enjoy today's commencement ceremony. We wish you all continued success!

Sincerely,

A handwritten signature in black ink that reads "Steven Leath". The signature is written in a cursive, flowing style.

*Steven Leath
President of the University*

THE OFFICIAL UNIVERSITY MACE

The Iowa State University mace symbolizes the authority of the university president. The lead faculty marshal carries it at the head of the academic procession and, by placing it on its stand, signals the beginning of the commencement ceremony.

In medieval times, the mace was a studded, clublike weapon, made of iron. It was capable of breaking armor, and was associated with the protection of kings in France and England.

In the 13th century, it was used for civil purposes and processions. Eventually it became a symbol for academic institutions, an emblem of order and authority in the pageantry.

Created in bronze, silver and tiger maple, the Iowa State University mace incorporates important campus icons such as the campanile located on central campus and the Fountain of Four Seasons, located on the north side of the Memorial Union and features likenesses of four Native American women. The sculptures were created in 1941 by Christian Petersen, sculptor-in-residence from 1934-1955.

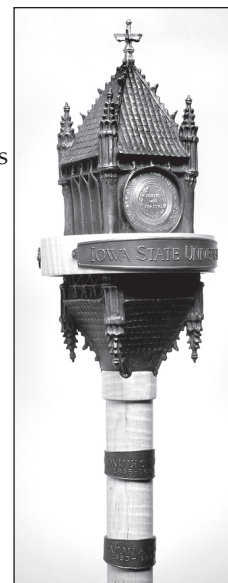

The mace's bronze headpiece is an interpretation of the campanile. It includes a silver presidential seal and reflects in a disc representative of the Fountain of the Four Seasons. The words "Iowa State University – Science With Practice" are inscribed on

the edge of the disc. Under the disc is a shortened version or reflection of the campanile headpiece.

The tiger maple staff bears 14 bronze plaques inscribed with the names of all previous Iowa State presidents, their years of service, and a laurel leaf symbolizing the attainment of graduation.

At the staff's base is an unfolding bronze leaf symbolizing the beginning of a new era for graduating students. The overall height of the University mace is 60 inches, and it weighs 14 pounds.

Sculptor Jeanne L. Stevens-Sollman of Bellefonte, Pennsylvania designed and crafted the Iowa State University mace.

Private funds from the ISU Alumni Association's Circle of Former Presidents, Chairs, and Executive Directors, the Stanton Carillon Foundation, and the University Museums made the design and purchase of the Iowa State University mace possible.

THE PRESIDENTIAL CHAIN OF OFFICE

The presidential chain of office symbolizes the rich history and traditions of Iowa State University and is worn by the president at all commencement ceremonies.

It was first worn by President Gregory Geoffroy during the Spring 2008 commencement ceremonies to mark the end of Iowa State University's year-long sesquicentennial celebration.

Created by sculptor Jeanne Stevens-Sollman—the same artist who created Iowa State's mace—the presidential chain of office complements the mace. The two

pieces were commissioned by University Museums and the ISU Alumni Association and are part of University Museums' Art on Campus collection.

The front of the presidential chain of office features an image of the campanile, and Beardshear Hall's east portico (the campus home of the president) is on the back. The shoulder epaulets are the columns of Beardshear and contain the words Leadership and Service. The campanile links in the presidential chain of office contain the words Engagement, Learning, Discovery and Access. The reverse sides of the bronze sections have low bas reliefs of corn. Most pieces in the necklace are bronze. The seal in the center of the campanile and the links in the necklace are sterling silver.

Both the presidential chain of office and the mace are housed in the alumni center and are used at each commencement ceremony.

ACADEMIC REGALIA

In May 2008, as part of its sesquicentennial celebration, Iowa State University debuted custom-designed doctorate regalia.

The special commencement doctorate gowns were created with emblems and colors to reflect Iowa State's tradition and to complement Iowa State's

hood. The fabric is cardinal red gabardine with black velvet panels and chevrons edged with gold cording. The Campanile, a beloved symbol and University tradition, adorns each of the two front velvet panels. An eight-sided black velvet tam with a gold silk tassel

completes the official regalia. The ceremony as well as the academic costume at commencement symbolize the record of academic achievement of the various individuals taking part in commencement exercises. The use of academic costume reaches back to medieval times and the beginnings of the famed old universities of Europe and England. Gowns (long, full robes) and cloaks with hoods were common garb. The unheated buildings frequented by medieval scholars certainly were an important factor in the choice of clothing.

A confusing array of caps, gowns, and hoods emerged from the centuries in Great Britain and from early years of higher education in the United States. American institutions recognized the need for a standard code and the great majority of academic costumes now worn in the United States are in accordance with the general provisions of the Intercollegiate Code of 1895. This code was slightly revised in 1932 and again in 1959. Under this code, the bachelor's gown has pointed sleeves; the master's gown has oblong sleeves with an arc at the bottom; and the doctor's gown has bell-shaped sleeves.

The Code dictates that bachelor's and master's gowns are untrimmed. However, the doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves. The facing and bars may be black or may be a color pertaining to the discipline. The color of the commencement gown varies in other countries. In America, black is typically the color of choice for bachelor's and master's degrees.

The square shape of the scholar's cap or mortarboard is thought to denote the stability of scholars and their books as suggested in the old poem, "The Ballad of the Cap," first published in 1564. Candidates for advanced degrees wear black tassels. The following is a list of tassel colors for baccalaureate degree candidates:

- Agriculture and Life Sciences – Maize
- Business – Drab
- Design – Brown
- Engineering – Orange
- Human Sciences – Maroon
- Liberal Arts and Sciences
 - Bachelor of Arts – White
 - Bachelor of Liberal Studies – White
 - Bachelor of Music – Pink
 - Bachelor of Science – Golden Yellow
- Veterinary Medicine – Gray

The hood gives color to the academic costume while its length indicates the wearer's academic degree. At Iowa State, hoods are worn by doctorate degree recipients. Exceptions are made for honorary degree recipients and other officials of the ceremony. In general, hoods are made of a wide panel of black cloth, matching the gown and are lined with satin in the official academic colors of the institution awarding the degree.

Iowa State University's colors are cardinal and gold, therefore the top half of the lining is gold and the lower part is cardinal. The colors used in the edging of hoods and tassels are associated with the discipline. For example, dark blue represents Philosophy and all hoods used in conferring the Doctor of Philosophy degree at Iowa State University are of dark blue edging.

HOODING CEREMONY, DOCTOR OF PHILOSOPHY

The Doctor of Philosophy is the university's highest academic degree, awarded only to those who have successfully completed an intensive and demanding course of study whose primary focus is on learning to conduct original research.

The final stage of the program is the preparation and defense of a dissertation that describes the outcome of a major research project. To prepare for that project, the student must have gained expertise and skills in a particular discipline and must have thoroughly explored its existing knowledge base.

Those who receive doctorates have demonstrated that they are truly experts in their fields whose

research has already contributed significantly to human knowledge.

The hooding ceremony symbolizes their admission to the exclusive ranks of those who have earned the respect associated with the title "Doctor of Philosophy."

During the hooding ceremony, the degree recipients are escorted and hooded by their major professors who have worked with them throughout their study for the doctoral degree. The hoods will connect the graduate with a family of scholars throughout history and from all parts of the world.

ACADEMIC TITLES

The following provides a brief description for the academic titles that appear in this program followed by a list of symbols for each title. Where appropriate, a symbol will be displayed behind the person's name.

Distinguished Professor denotes those faculty members who have been recognized for having attained outstanding national and international reputations within their professional disciplines.

University Professor denotes those faculty members who have been recognized for having made outstanding contributions to the quality of education at Iowa State University.

An endowed chair or professorship provides special recognition to the faculty member to whom the title is awarded. It is held for a specific term, and during that time, endowment earnings are used by the university to supplement departmental support of the faculty member's scholarship and responsibilities in teaching, research, outreach, and service. These chairholders specialize in areas of study identified by the donors who created the endowments.

- ‡ Distinguished Professor
- ‡‡ University Professor
- ◇ Endowed Chair
- ◇◇ Endowed Professorship

SPECIAL RECOGNITION, ADVANCED DEGREES

Candidates for graduation for the Master's or Ph.D. may be recognized with the Teaching Excellence Award or the Research Excellence Award.

The Teaching Excellence Award recognizes those who provided outstanding contributions in teaching undergraduate students while working toward a graduate degree.

The Research Excellence Award recognizes those with outstanding research accomplishments in a graduate program.

Honorees for both awards wear cardinal and gold honor cords and are noted in this program as follows:

- § Research Excellence Award
- †† Teaching Excellence Award

SPECIAL RECOGNITION, UNDERGRADUATE DEGREES

Candidates for undergraduate degrees may be recognized for graduating "With Distinction" and/or graduating in the Honors Program. Levels of special academic achievement are indicated in the commencement program by Latin phrases, also known as Latin honors. This system is recognized internationally, however the requirements vary among institutions. In the United States, Latin honors are most often awarded to those earning undergraduate degrees. Each academic institution sets its own standards and requirements for each honor.

At Iowa State University, candidates for graduation with distinction must have completed 60 semester credits of coursework at ISU at the time they graduate, including a minimum of 50 graded credits. Those graduating summa cum laude (with highest distinction) have earned a grade point average of 3.90 or higher; magna cum laude (with great distinction) have a grade point average of 3.70 to 3.89; or cum laude (with distinction) have a grade point average 3.50 to 3.69. Grade point averages are based on a 4.0 scale. In addition to the notation in the commencement program, this recognition appears on the official transcript and diploma.

The University Honors Program is an individually planned program of study designed to provide greater depth and breadth of scholarship than the regular curriculum. Those graduating from the University Honors Program have designed and completed an individualized program of study, including an independent Honors Research Project, while earning a required minimum grade point average or better.

Students graduating with special recognition will wear a cord and/or medallion and be noted in this program as follows:

- * * * Summa Cum Laude - with highest distinction (cardinal and gold cord)
- * * Magna Cum Laude - with great distinction (gold cord)
- * Cum Laude - with distinction (cardinal cord)
- † Honors Program (medallion)

ADDITIONAL RECOGNITION, UNDERGRADUATE DEGREES

The George Washington Carver Scholarship and Academy is designed for high achieving multicultural students and supports their growth and academic success through specialized curricula and programming. The George Washington Carver Outstanding Achievement Award is granted to those scholars who have demonstrated involvement in a combination of activities such as outstanding community service and successful internships and who are graduating with a 3.5 grade point average or better. These scholars are wearing green stoles.

Iowa State University's Cardinal Key Honor Society, formed in 1926, recognizes students who have achieved the cardinal virtues of leadership, service, scholarship, and character in the university community. Undergraduates must be of junior or senior standing, have earned a minimum cumulative grade point average of 3.0 and be in the top 15% of their academic class. Membership is limited to no more than ½ of 1% of the senior class, and 1/3 of 1% of the junior class. These students are wearing two red cords intertwined with a single gold cord.

IOWA STATE UNIVERSITY TRADITIONS

The first swans on Lake LaVerne, Lancelot and Elaine, were a gift from the 1935 VEISHEA Central Committee. From that day on, there has been a pair of swans on Lake LaVerne.

When Iowa State's young football team beat Northwestern University 36 to 0 in 1895, an article in the Chicago Tribune said, "Northwestern might as well have tried to play football with an Iowa cyclone as with the Iowa team it met yesterday." Thus, the "Cyclones" were born. Cy the Cardinal became Iowa State's mascot in 1954.

It is said if you step on the bronze zodiac relief on the floor of the Memorial Union's Gold Star Hall, you will flunk your next test.

VEISHEA, an all-university spring open house first organized in 1922, is among the nation's largest university student-managed festivals. The festival got its name from the first letters of Iowa State's first colleges: Veterinary Medicine, Engineering, Industrial Science, Home Economics, and Agriculture. Two of VEISHEA's long-standing traditions are individual cherry pies and the musical production "Stars Over VEISHEA."

In 2003, Iowa State revived a 60-year-old tradition: the Official ISU Ring. Students and alumni worked with the ISU Alumni Association and University Book Store to design a ring that symbolically captures the uniqueness of Iowa State. Rings may only be worn by alumni or by students who have achieved junior or senior status. Rings are officially presented at an annual ring ceremony.

The tradition of "campaniling" states that a student officially becomes an Iowa Stater when he or she is kissed under the university's campanile at the stroke of midnight.

The Fountain of the Four Seasons by artist-in-residence, Christian Petersen (Danish-American, 1885-1961), is located in front of the Memorial Union and was a gift from the 1937 VEISHEA Committee. In 1942, Christian Petersen added four sculptures to represent the four seasons. The east sculpture represents spring with the planting of corn; south - summer, sheltering a young plant; west - fall, holding the harvest; and north - winter, nursing a child. Legend has it that good luck will come to you if you throw a coin in the fountain.

GRADUATE COLLEGE COMMENCEMENT SPEAKER

Jonathan F. Wendel

Jonathan F. Wendel is a Distinguished Professor of Liberal Arts and Sciences, and Professor and Chair of Ecology, Evolution, and Organismal Biology at

Iowa State University. He studies plants that contain more than two sets of chromosomes, to understand how these plants have evolved, and to expand knowledge in the field of plant genetics.

In 2012, Wendel helped lead an international consortium of scientists that mapped the cotton genome, an achievement that has had a significant impact on cotton growers and plant biologists around the world.

Wendel earned his BA from the University of Michigan, and his MA and PhD from the University of North Carolina. He served as a plant geneticist with the U.S. Department of Agriculture's

Agriculture Research Service at North Carolina State University before joining the Iowa State faculty in 1986. Wendel initially served as an assistant, associate, and full professor in the Department of Botany before becoming chair of the newly created Department of Ecology, Evolution, and Organismal Biology in 2002.

Wendel is the author of more than 200 publications in prestigious journals, including *Nature*, *Proceedings of the National Academy of Sciences*, and *Genome Biology and Evolution*, and he has received numerous international honors and awards for his work. He was named a fellow of the American Association for the Advancement of Science in 2010. Wendel received the Outstanding Contributions to Cotton Genomics Award from the International Cotton Genome Initiative in 2012, and the Cotton Biotechnology Award from Cotton Incorporated in 2013.

Iowa State's students and faculty have also recognized Professor Wendel. He received the Outstanding Achievement in Research Award in 1999; was named a Master Teacher in the College of Liberal Arts and Sciences in 2005; and was recognized for Outstanding Achievement in Departmental Leadership in 2009.

B.S. Briar Cliff University
M.S. Iowa State University
Department: Entomology
Major: Entomology
Dissertation: Integrating soybean aphid and soybean cyst nematode management

Ashley Nicole Rink Merritts *Tipton, Iowa*
B.A. University of Iowa
M.S. Iowa State University
Department: Human Development and Family Studies
Major: Human Development and Family Studies
Dissertation: The association between supportive behavior and changes in relationship quality among married and cohabitating African American couples

Nahed Msayleb *New York, N.Y.*
D.In.Ag. Lebanese University
M.S. Lebanese University
Department: Agricultural and Biosystems Engineering
Major: Sustainable Agriculture
Dissertation: Soil ozonation as a sustainable alternative to methyl bromide fumigation and synthetic pesticides

Shreyartha Mukherjee *Kolkata, India*
B.Tech. West Bengal University of Technology
Department: Agronomy
Major: Bioinformatics and Computational Biology
Dissertation: A next generation of studies: Heterosis and inbreeding depression

Renee Amber Murray *Minneapolis, Minn.*
B.A. Humboldt State University
M.A. Humboldt State University
Department: Psychology
Major: Psychology
Dissertation: System justification, work ethic, and just-world beliefs: A motivated reasoning perspective

Josephat Gichobi Njoka *Nairobi, Kenya*
B.S. University of Wisconsin River Falls
M.S. Iowa State University
M.S. Iowa State University
Department: Animal Science
Major: Animal Science
Dissertation: Evaluating impact of diet, housing and season systems on feedlot cattle finishing programs

Michael Carl Norris *Altoona, Iowa*
B.A. Simpson College
M.B.A. Drake University
School: Education
Major: Education (Educational Leadership)
Dissertation: Predicting application levels and matriculation yield among MBA programs: The use and application of the marketing mix and relationship marketing theories

§ Jackson Nteeba *Kampala, Uganda*
B.S. Makerere University
Department: Animal Science
Major: Genetics
Dissertation: Impact of metabolic perturbation on ovarian function

Monique D. Parris-Garcia *Idyllwild, Calif.*
B.A. Grinnell College
D.V.M. Iowa State University
Department: Animal Science
Major: Animal Physiology
Dissertation: Advancing techniques to promote the welfare of sows utilized in laboratory based lameness models

Gunjan Pandey *Ames, Iowa*
B.Tech. Indian Institute of Technology-Kanpur
Department: Electrical and Computer Engineering
Major: Electrical Engineering
Dissertation: Development of impedance spectroscopy based in-situ, self calibrating, on-board wireless sensor with inbuilt metamaterial inspired small antenna for constituent detection in multi-phase mixtures like soil

Dustin Kensel Perry *Rockwall, Tex.*
B.S. Texas A&M University-Commerce
M.S. Texas A&M University-Commerce
Department: Agricultural Education and Studies
Major: Agricultural Education
Dissertation: Exploring critical thinking skills among undergraduate agriculture education and studies students

Peter Michael Ralston *Aiken, S.C.*
B.S. Clemson University
M.B.A. University of Alabama
Department: Business Administration
Major: Business and Technology (Supply Chain Management)
Dissertation: Supply chain collaboration: A literature review and empirical analysis to investigate uncertainty and collaborative benefits in regards to their practical impact on collaboration and performance

- Gina Marie Roberts *Shawnee, Kans.*
 B.S. Eckerd College
 Department: Chemistry
 Major: Organic Chemistry
 Dissertation: Greener and renewable methods for Pd-catalyzed cross-coupling and alkoxy carbonylation reactions
- Sara Lynne Schwatken *Americus, Kans.*
 B.A. Dominican University
 M.S. Iowa State University
 Department: Psychology
 Major: Psychology (Counseling Psychology)
 Dissertation: Incongruence and attitudes toward career counseling
- Mohammad Saad Bin Shaheed *Dhaka, Bangladesh*
 B.S. Bangladesh University of Engineering and Technology
 M.S. Kansas State University
 Department: Civil, Construction and Environmental Engineering
 Major: Civil Engineering (Transportation Engineering)
 Dissertation: Bayesian analysis of factors affecting crash frequency and severity during winter seasons in Iowa
- Sachet Ashok Shukla *Mumbai, India*
 B.Tech. Indian Institute of Technology-Kharagpur
 M.S. Iowa State University
 M.S. Iowa State University
 Department: Statistics
 Majors: Bioinformatics and Computational Biology and Statistics
 Dissertation: Topics in cancer genomics
- Bryan Adams Stanfill *Austin, Tex.*
 B.A. University of Texas at Austin
 M.S. Iowa State University
 Department: Statistics
 Major: Statistics
 Dissertation: Statistical methods for random rotations
- †† Nathan Merrill Stokes *Blackfoot, Idaho*
 B.S. Brigham Young University-Idaho
 M.S. Texas Tech University
 Department: Apparel, Events, and Hospitality Management
 Major: Hospitality Management
 Dissertation: Investigating barriers and keys to success when implementing and maintaining farm to school programs: Perspectives of hourly school foodservice employees
- Sujith Sukumaran *Alleppey Kerala, India*
 B.Tech. National Institute of Information Technology
 M.S. Iowa State University
 Department: Mechanical Engineering
 Major: Mechanical Engineering
 Dissertation: Numerical modeling of pollutant emissions in practical combustion systems using detailed chemical kinetics
- †† Arunachalam Swaminathan *Chennai, India*
 B.E. Anna University
 Department: Business Administration
 Major: Business and Technology (Marketing)
 Dissertation: Marketing capabilities, innovation and firm performance
- § Wanda Kay Synsteliien *Chaska, Minn.*
 B.A. University of Dallas
 M.Engl. University of Dallas
 M.S. Southwest Minnesota State University
 School: Education
 Major: Education (Educational Leadership)
 Dissertation: Science of self: Self-authorship, social capital and women exploring careers in engineering
- Sheng Tang *Chengdu, China*
 B.S. Iowa State University
 M.S. Iowa State University
 Department: Civil, Construction and Environmental Engineering
 Major: Civil Engineering (Civil Engineering Materials)
 Dissertation: Evaluate the fracture and fatigue resistances of hot mix asphalt containing high percentage reclaimed asphalt pavement (RAP) materials at low and intermediate temperatures
- Daniel Curtis Vennerberg *Ames, Iowa*
 B.S. Iowa State University
 Department: Materials Science and Engineering
 Major: Materials Science and Engineering
 Dissertation: Development of scalable methods for the utilization of multi-walled carbon nanotubes in polymer and metal matrix composites

†† Diveena Vijayendran *Klang, Malaysia*
B.A. University of Northern Iowa
Department: Entomology
Major: Genetics
Dissertation: Aphid small RNAs and viruses

Randall John Vos *New Sharon, Iowa*
B.A. Dordt College
M.S. Michigan State University
Department: Horticulture
Major: Horticulture
Dissertation: Stage of maturation, crop load,
and shoot density affect the fruit quality
of cold-hardy grape cultivars

Tianfu Wang *Yancheng, China*
B.E. Dalian University of Technology
Department: Chemical and Biological
Engineering
Major: Chemical Engineering
Dissertation: Catalytic conversion of glucose

COLLEGE OF VETERINARY MEDICINE COMMENCEMENT SPEAKER

Dr. Michael Riegger, Diplomate, American Board of Veterinary Practitioners

Dr. Michael Riegger is currently the Chief Medical Officer and Senior Clinician at the Northwest Animal Clinic and Hospital in

Albuquerque, New Mexico. In addition to the practice of veterinary medicine, he is recognized nationally and internationally for his expertise in all aspects of veterinary practice management. He holds numerous positions in veterinary professional organizations and serves on the Mayo Clinic

Leadership Council of Arizona.

Dr. Riegger has authored over 900 articles and two text books, made more than 400 presentations, serves as an on-line consultant for the Veterinary Information Network, and is a columnist for DVM News Magazine. He has received numerous awards and honors, including New Mexico Veterinarian of

the Year and the ISU College of Veterinary Medicine Stange Award. He currently teaches and hosts a practice management course at the ISU College of Veterinary Medicine.

He graduated with his DVM from Iowa State University magna cum laude and is a Diplomate of the American Board of Veterinary Practitioners. He has provided the future endowed Michael H. Riegger Leadership Scholarship Fund to annually recognize a third and fourth year student displaying academic prowess and community service leadership. Both of these qualities are highly valued and demonstrated by Dr. Riegger in his life and career.

UNDERGRADUATE COMMENCEMENT SPEAKER

Brigadier General Patrick J. Doherty

Brigadier General Patrick J. Doherty is the Director of Air Force Services, Headquarters U.S. Air Force, Washington, D.C. His organization's mission is to increase combat capability and improve

productivity through programs promoting readiness, esprit de corps and quality of life for Airmen and their families. He provides policy, technical direction and oversight for the \$2 billion worldwide Services program, which includes Comprehensive Airman Fitness, physical fitness, peacetime and wartime troop feeding, Air Force Mortuary Affairs Operations, Armed Forces entertainment, Air Force protocol, lodging, libraries, child development centers, youth centers and a wide spectrum of recreation activities. He provides oversight for uniforms, awards and

recognition, Airman and family readiness, and other commander-interest programs that contribute to military force sustainment.

General Doherty entered the Air Force in 1987 through the Air Force Reserve Officer Training Corps program at Iowa State University, Ames, IA, where he earned a Bachelor of Science degree in aerospace engineering. He initially served as a B-52 navigator and was then selected to attend Undergraduate Pilot Training and transitioned to the F-15E. His staff experiences include serving for the J3 as the Chief of Special Technical Operations and lead crisis action planner on U.S. Forces Korea staff at Yongsan Post, Seoul, Republic of Korea and Deputy Director, Combined Air and Space Operations Center, Southwest Asia providing strategic and operational command and control for coalition and joint air, space, and other government agency operations. He recently served as the Commander of the 4th Fighter Wing, SJAFB, NC and Director of Assignments and AEF Operations, Air Force Personnel Center, Randolph AFB, Texas.

UNDERGRADUATE COMMENCEMENT VOCALIST

AND

F. WENDELL MILLER DISTINGUISHED ARTIST IN RESIDENCE

Simon Estes

Simon Estes is an internationally acclaimed bass-baritone who has performed in the world's major opera houses and in special performances for U.S. presidents and international dignitaries such as Boris Yeltsin, Yassar Arafat, Yitzhak Rabin, Nelson Mandela, and Archbishop Desmond Tutu. Since 2000, he has been a faculty member at Iowa State University, serving as the F. Wendell

Miller Distinguished Artist-in-Residence with the Department of Music and Theatre, sharing his incredible talents and musical knowledge with students and at numerous activities and events.

Estes rose from humble beginnings in Centerville, Iowa, the son of a coal miner and grandson of a slave, to become one of the world's most accomplished opera singers, paving the way for other African Americans in the classical world. He transferred from Centerville Junior College to the University of Iowa in 1957 and was there until he was accepted in the Juilliard School of Music in 1963. Estes has honorary doctorates from numerous colleges and universities, including one from Iowa State University.

In 1965 Estes made his operatic debut in *Aida* at the Deutsche Opera in Berlin. Among his more than 100 lead operatic roles have been the title role in *The Flying Dutchman* at Bayreuth, being the first male African American to sing a major role on stage there; the role of Porgy in the Metropolitan Opera's first production of Gershwin's *Porgy and Bess*; and the role of Amonasro in *Aida* with Leontyne Price as Aida in her "farewell performance" at the Met.

Estes is also internationally known for his humanitarian efforts for children. He established the Simon Estes Educational Foundation, which has awarded more than three million dollars in merit-based college scholarships, and the Simon Estes International Foundation for Children, which provides support for children's health and educational needs. In 2006, he led a group of six Iowa State music faculty members to South Africa to bring music instruction to the students of the Estes school in the Cape Town area. He has performed numerous benefit concerts to help combat HIV/AIDS and eliminate malaria in Africa.

Estes has taught at the Juilliard School of Music, Harvard University, Boston University, and currently is a professor at Iowa State University and at Wartburg College. Among his many awards are the Distinguished Iowa Citizen Award, the Iowan Award, and the prestigious Alumni Award of Iowa State University.

IOWA STATE UNIVERSITY SENIOR CLASS COUNCIL

The mission of the Senior Class Council (SCC), a committee of the Student Alumni Leadership Council (SALC), is to benefit and unite seniors through events and services while promoting an understanding of the Iowa State University Alumni Association. The 2013-2014 Senior Class Council is comprised of 12 students who are dedicated to recognizing seniors for their many achievements.

This year's Senior Class Council has planned a number of programs for seniors including both Fall and Spring Senior Weeks, where seniors enjoy special tours and free food on campus; the Senior Package, a gift set that included commemorative Iowa State items; Grad Breakfast, a chance for seniors to relax and enjoy a meal served by ISU faculty and staff; Real Life Answers, a conference for seniors to prepare them for life after graduation,

and the Senior Send-off, a year-end event for seniors at the ISU Alumni Center to celebrate seniors' transitions to being alumni! The events that SCC plans and co-sponsors are intended to be both beneficial and enjoyable for seniors.

Finally, Senior Class Council always invites you and your families to return to the Iowa State Alumni Center following the Commencement Ceremony today as you are all now Alumni of Iowa State University!

For more information on SCC and SALC programs, please visit www.isusalc.org.
